

The hardware for your bodyshop!

autop Masterlift 2.30 Sav 230

This lift allows a comfortable repair of damaged vehicles with a straightening bench. The requirements for a body repair lift are:

- free access to all sides of the vehicle
- drive-in with a straightening bench without obstacle
- flexible and variable swivel arms
- comfortable lifting of the vehicle even with a straightening bench
- security arm locking system

Very flexible lift for body repair.
