

Twice as good!

autop Maestro 2.32

The autop Maestro 2.32 is a 2-motor, electro-mechanical 2-post lift for repair and maintenance, with a lifting capacity of 3.2 t.

Maestro 2.32 has been developed especially to offer high flexibility and optimized lifting capacity for workshops serving city cars, private cars and small transporters.

Maestro 2.32 is available with either flex pads or the new Combiflex CF-08 pads. We offer a large program of both U-shaped and flex pads.
